# Web Support Analyst Assignment

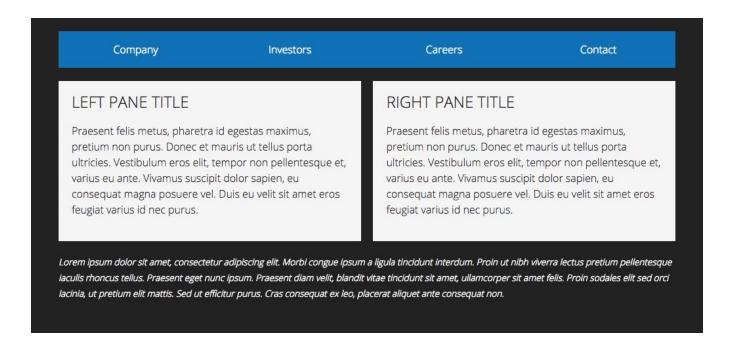

Welcome to the Web Support Analyst assignment. Please complete the following:

### Debug:

- The HTML document contains several errors. Correct any issues that you discover.
- Do note that the paragraph in the footer should have a margin above and below it.
   Adjust the CSS to correct this.

#### Customize:

- The header navigation items should be centered within their blue bar with equal spacing between each item.
- The paragraph within the footer should have its text made a bit smaller and italicized.
- The final result should look like the following image:

#### • Make Responsive:

 Using the following image as your guide, make this page responsive. This responsive styling should begin when the window is 768 pixels or lower.

Company Investors

## LEFT PANE TITLE

Praesent felis metus, pharetra id egestas maximus, pretium non purus. Donec et mauris ut tellus porta ultricies. Vestibulum eros elit, tempor non pellentesque et, varius eu ante. Vivamus suscipit dolor sapien, eu consequat magna posuere vel. Duis eu velit sit amet eros feugiat varius id nec purus.

# RIGHT PANE TITLE

Praesent felis metus, pharetra id egestas maximus, pretium non purus. Donec et mauris ut tellus porta ultricies. Vestibulum eros elit, tempor non pellentesque et, varius eu ante. Vivamus suscipit dolor sapien, eu consequat magna posuere vel. Duis eu velit sit amet eros feugiat varius id nec purus.

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Morbi congue ipsum a ligula tincidunt interdum. Proin ut nibh viverra lectus pretium pellentesque iaculis rhoncus tellus. Praesent eget nunc ipsum. Praesent diam velit, blandit vitae tincidunt sit amet, ullamcorper sit amet felis. Proin sodales elit sed orci lacinia, ut pretium elit mattis. Sed ut efficitur purus. Cras consequat ex leo, placerat aliquet ante consequat non.

To make styling changes, edit the included **global.css** file. Good luck!
